INVITATION

Distinguished (Mr./ Ms.):

With the support and active participation of all sectors of society, especially that of many entrepreneurs, the "Well-known Chinese and Foreign Enterprises' Visit to Sichuan" activity has been successfully held for 5 consecutive years and has achieved fruitful results. Sichuan Provincial People's Government will continue to host the "Well-known Chinese and Foreign Enterprises' Visit to Sichuan 2019" in Chengdu from April 16 to 18. We warmly welcome you to visit Sichuan to share with us the new opportunities brought by the reform and opening-up to achieve mutually beneficial cooperation!

Sichuan is a major economic powerhouse in China with a large population, abundant resources and strong capacity in science, technology and education. Its economic aggregate ranks No.6 nationwide and No.1 in Western China. Sichuan has large markets and sound industrial base. Electronic information and digital economy, energy, chemical industry and new material, equipment manufacturing, food and beverage, modern service industry and other competitive industries play an important role in China. In addition, Sichuan has attracted 347 Fortune 500 companies to settle in and has opened 114 international (regional) air routes. With the thorough implementation of the "Belt and Road" Initiative and national strategies such as Western China Development and Yangtze River Economic Zone, and a slew of institutional platforms such as Free Trade Pilot Zone, Tianfu New Area, All-round Innovation and Reform Pilot Zone, and Chengdu-Chongqing Economic Zone, Sichuan has great potential and opportunities for development under the deployment of "four-way expansion, all-round opening-up", which also provides a broader space and a better stage for investors to expand markets in Western China.

This year, with the theme of "Accelerating Development by Reform and Innovation, Facilitating Cooperation through Overall Opening-up", the activity will invite famed enterprises, institutions and renowned business associations from home and abroad to Sichuan. During the event, "Well-Known Chinese and Foreign Enterprises' Visit to Sichuan 2019" Investment Promotion Conference and Signing Ceremony of Cooperation Projects, Symposium on Investment and Development of Well-Known Enterprises in Sichuan, 2019 Matchmaking Symposium on Industrial Cooperation between Sichuan and Foreign Enterprises, Overseas Chinese Business Summit on the "Belt and Road" Initiative and other thematic activities as well as a series of special events at the city (prefecture) level will be held. Meanwhile, the investment and cooperation projects of the whole province of 2019 for attracting foreign investment will be released. Tailored field trips and meetings can also be arranged based on your preference.

We sincerely look forward to meeting with you in Chengdu to create a new chapter of cooperation and development! Welcome you to the open, developing and charming Sichuan.
