

第三届中国西部国际博览会进出口商品展 暨中国西部（四川）国际投资大会

The 3rd Western China International Fair Import and Export Expo
& Western China (Sichuan) International Investment Conference

INVITATION

July, 2019

Distinguished Mr. /Ms.

The Import and Export Expo of the 3rd Western China International Fair and the Western China (Sichuan) International Investment Conference (WCIF-IEE & WCIC), jointly hosted by the Sichuan Provincial People's Government, the China Chamber of International Commerce, the China Federation of Overseas Chinese Entrepreneurs and the Organizing Committee of the Western China International Fair, is scheduled to take place from September 20 to 23, 2019 in Chengdu, Sichuan Province. You are cordially invited to visit Sichuan and participate in our activities.

The Import and Export Expo of the Western China International Fair and the Western China (Sichuan) International Investment Conference are an important platform and international exhibition for Sichuan's participation in the construction of the "Belt and Road," as well as increased opening-up and cooperation. The previous two expos saw the participation of 148 countries (or regions), with 400,000 domestic and overseas visitors and 3800 exhibiting companies in attendance. Over 1700 well-known domestic and overseas companies participated in provincial-level investment promotion activities, of which 148 were Global 500 companies and 114 were among the Top 500 Enterprises of China. 1405 contracts were signed, achieving a total contract value of RMB 1200 billion.

The theme for the WCIF-IEE & WCIC this year is Openness and Innovation for Win-Win Cooperation. A series of events will be staged, including the Opening Ceremony of the 3rd WCIF-IEE & WCIC; the 12th Western China International Sourcing Fair; the China (Sichuan) South & Southeast Asia Business Leaders' Summit; the 2019 China-UAE Economic, Trade and Cultural Summit; the 11th Western China International Capital Forum; the 8th China-India Academic Forum; the 2019 Promotional Conference for Investment Cooperation on the Automobile Industry Chain; the 2019 Promotional Conference for the China (Sichuan) Advanced Materials Industry; the 2019 Western China International Port Logistics Opening-up and Development Conference; etc. The 3rd WCIF-IEE & WCIC will cover an area of 80,000 square meters and will include industry cooperation, trade in goods, trade in services and six trade shows.

Sichuan is China's major economic province with a broad market space and a solid industrial foundation. The construction of the "5+1" modern industrial system — including electronic information, equipment manufacturing, food and beverages, advanced materials, the energy and chemical industry, and the digital economy — is accelerating. The momentum for "opening-up in all directions and cooperation on all fronts" has taken shape. With the further implementation of the "Belt and Road" Initiative, the growth of the Yangtze River Economic Belt and the development and opening-up of western China in the New Era, Sichuan will be a launching pad for investors to expand markets in western China, and it will be powered by major platforms such as the Sichuan Pilot Free Trade Zone, Tianfu New Area and the Chengdu-Chongqing Economic Zone.

We look forward to your visit to Sichuan for win-win cooperation!
